

I Chose Canada - A Memoir
By: Serge Radchuk, C.M, Q.C.

Serge was determined to further his education, become a part of the community, and eventually reunite with his parents on Canadian soil. He embarked on a mission to become involved as possible in the Winnipeg community, advancing his law degree, briefly engaging in a political career, and supporting a complexity of local organizations. Along the way, he met many individuals who became prominent Manitobans and Canadians, enjoyed a significant singing career, started his own business, married, and had two beautiful daughters.

Serge's involvement in the commitment to the local community, especially the Ukrainian community, has been rewarded with several prestigious awards and acknowledgements, including the Order of Canada - a very great honour indeed.

"I Chose Canada" is the story of every person who has triumphed over incredible odds to make the most of their time in this world.
