

Installation

No installation is required. As long as you have not disabled your computer's autorun facility, the application runs automatically when you insert the CD. Otherwise, start the application by the following steps:

- insert the CD;
- double-click on the icon labeled "My Computer";
- in the window that opens, double click on the ULAS icon. The application will now start.

Course Structure

The whole course is divided into 3 principal educational units which are intended to study:

- Ukrainian alphabet.
- Ukrainian vocabulary.
- Ukrainian folk tales.

Each unit presents the new material first and then reinforces this material through a variety of exercises.
